

May 2022 Newsletter

The month of April was a big month for Project Safe Start. We added seven new volunteers to our nonprofit!! We are growing and it is so wonderful to be able to do more for the women we serve.

Due to the increase in volunteers we are now developing a new team called "The Love Team." These new volunteers will be going into The Transitional Home that we serve and will spend time with the women bringing: Love, Hope, Peace, Compassion and more! It has always been our desire to bring the material items they need like: Clothing, Shoes, Toiletries, Backpack and a folder with resources to connect them to other available programs in the community. We have been successful in providing these items for over two years now to women coming out of Perryville Prison and transitioning into community.

Now, we are excited about having The Love Team show up just for them. We know that LOVE is the greatest gift of all.

Introducing Sarina And Mark Hobbs!

This husband and wife team are volunteers that pack clothing and help deliver to the women we serve. They are faithful each month and we are so very thankful for them! It is so nice to see couples serving together! Thank you both for your continued giving!

It takes a village to do what we do. Thank you to all of our volunteers who give generously of their time, talents and resources.

HOW CAN YOU HELP?
