

## JULY 2022 Newsletter

We are half way through the year and Project Safe Start is GOING STRONG! We have helped over 100 women with supplies and community resources!

It never gets old hearing the words from the women we serve. Ana didn't want her photo in the Newsletter. Her words remind me that what we do is making a difference!

*"I wanted to take a moment and give a very personal thank you to everyone who helped me with the most basic and vital necessities after being released from prison on 6/7/22. You see, I came out of prison with nothing! It was so hard. I was able to go through the clothing closet at the transitional home but everything was mis-matched and different sizes. I still had a homeless look about me. Thanks to your efforts, I was blessed with a huge bag filled with underwear, hygiene, and appropriate clothes that fit me just right. It made me feel confident for the first time in a long time!!!*

*Not only that but I had a very personal conversation with Kim who picked out my clothing and brought to me. She was very kind and gave me some Spiritual advice. I will never forget how good I felt after our interaction and my new fashion!!! I hope you know how much you helped me and three other women in my apartment that day. Your making a huge difference and I am so thankful for Project Safe Start!"*

I am remembering another woman's words that we helped a while back. She said, "We don't need a hand out, it is a hand up."
